I have the honor to state that the Deputy Commissioner of Kolar reports that the present guarding establishment of the Kolar Gold Fields Lock-up consists of one Duggedar and 6 constables and that out of these, 2 constables will be required for night watch, 2 for taking the convicts to out-door labour and the remaining 2 Constables and the Duggedar cannot conveniently attend to the work that is required to be done in the Lock-up and requests sanction for entertaining contingent guard as necessity may arise and charge their pay in the contingent bill.

He states that as there will be a large number of prisoners in particular seasons he considers a permanent increase of the establishment unnecessary and recommends the entertainment of contingent guard at such seasons. I therefore recommend the same for the favorable consideration of Government.
